

Welcome to the Finnish biathlon orienteering championship as well as the first and second rounds of the World Cup organized by Kangasniemi Kalske and Vaajakosken Terä.

Kangasniemi is a lively and vibrant municipality next to clean waterways. For tourists, Kangasniemi offers a relaxing vacation and opportunities; There is plenty to see and experience, from concerts to summer theater and from stage dances to village events. Come and enjoy Kangasniemi hospitality in the scenery of county lake Puula!

Six-time world champion in women's cross country skiing Virpi Sarasvuo (Kuitunen) and long jump EC bronze medalist Ringa Ropo are the most famous athletes from Kangasniemi. Now, however, we don't ski or long jump, instead we will have orienteering and shooting. The Kangasniemi sports center provides quite a good facilities for this, and it seems that the weather favors both the organizers and the competitors.

Welcome

“After forgetting everything I learned from the book, I was happy.
Big beliefs were no longer my thing.
The gate of wisdom was no longer guarded.
The wind came and went.”
Einari Vuorela, famous Finnish poet

Competition leader Juha Koskinen, chairman of Vaajakosken Terä
